

**Canadian Mental Health Association – Calgary Region and Horizon Housing Society
congratulate Hamilton + Partners on receiving a Generosity of Spirit Award**

CALGARY, AB, NOVEMBER 15, 2011 - The Canadian Mental Health Association – Calgary Region and Horizon Housing Society are pleased to announce that Hamilton + Partners won the Calgary 2011 Generosity of Spirit Award in the category of Small Business Philanthropist.

Hamilton + Partners was recognized today at the National Philanthropy Luncheon organized by the Association of Fundraising Professionals, in conjunction with Philanthropy Awareness Week taking place November 9-17, 2011. National Philanthropy Day, held annually on November 15, celebrates the work of Canadians who give back to the community and help make our world a better place.

“We are tremendously blessed to live and run a business in such a great city, province and country,” said Hamilton + Partners Principal Rick Green. “The opportunities in front of us are endless, but we recognize that there are people who either haven’t been given the opportunities we have, or are in a state that doesn’t allow them to recognize those opportunities.”

Hamilton + Partners was nominated by Horizon Housing Society and CMHA – Calgary Region for their support and dedication to our signature fundraising event Fish & Chips Golf Tournament & Fly-Fishing Derby. The annual event took place this September and since its inception seven years ago, has raised over \$800,000 towards providing appropriate, affordable housing and the support programs to promote independent living to individuals living with mental disorders.

“Thank you Hamilton + Partners for your outstanding involvement in reducing the stigma associated with affordable housing and mental health support programs. We are truly grateful, as are our clients and tenants, of your generosity.” – Kim O’Brien, Executive Director, Horizon Housing Society and Dan Delaloye, Executive Director, CMHA – Calgary Region.
